

IOWA DEPARTMENT OF NATURAL RESOURCES PERMIT APPLICATION

Waste Tire Mobile Processor

SECTION 1. APPLICANT INFORMATION

▼FOR IDNR ACCOUNTING USE ONLY ▼

Business / Applicant Name :

INTERNAL SOURCE: 1220
0098-542-TIRE-0630

Owner / Operator Name:

CASHIER'S OFFICE:

Business Address:

Phone #:

Address of Residence of Owner (note if same as above):

SECTION 2. GENERAL DESCRIPTION OF OPERATION [Rule 117.6(1)]

Describe general processing equipment type/purpose:

Describe how the shredded waste tire material will be handled for proper disposal:

Describe the area of the state that you will provide shredding services to (list counties within your planned service area)

Provide evidence of established markets for the types and quantities of product that will be processed. Attach contracts, purchase agreements or purchase orders with an end user, noting the quantities of material required, specifications of the quality of the product required and monthly or annual demand of product by the end user from the processor. If processed tires will be disposed of, provide the names of landfills willing to accept the processed waste tires.

SECTION 3. GENERAL PERMIT REQUIREMENTS

You must comply with the following general permit requirements before a permit is issued, unless specific “Special Permit Conditions” are indicated on your final permit issuance from the department. Indicate your acceptance of these permit requirements by initialing each item below.

Item:	Permit Condition:	Initialed by:
3.1	Vehicles used for the transport of the mobile shredding equipment and processed tires shall be marked with the name of the business, and city and state. The markings shall be in a color in contrast to the color of the vehicle, and shall be legible at a distance of 50’.	<input type="checkbox"/>
3.2	The mobile processor shall process tires only at the customer’s location, and shall not conduct any shredding, storage, or transfer operations of waste tires or waste tire materials at any off-site location.	<input type="checkbox"/>
3.3	The mobile processor must provide final disposal service for the waste tire material that is shredded. The mobile processor may not shred the tires and then leave the shredded material with the customer.	<input type="checkbox"/>
3.4	Waste tire material shredded or cut by the mobile processing equipment shall be disposed of through a permitted sanitary disposal facility that is located within the service area that encompasses the city or county area that the customer’s business is located in, or through a permitted waste tire processing facility. No other disposal, reuse or application of waste tire material shall be allowed.	<input type="checkbox"/>
3.5	All bead wire, side walls, or other tire material separated by the mobile tire processor shall be disposed of by the permitted mobile processor at a permitted off-site sanitary disposal facility.	<input type="checkbox"/>
3.6	The mobile processor shall have a 20-pound Class ABC dry chemical fire extinguisher available within 25’ of the mobile waste tire processing equipment at all times that the equipment is being operated.	<input type="checkbox"/>
3.7	A permit for a mobile processor shall not authorize the permittee to process or handle any other solid waste materials.	<input type="checkbox"/>

SECTION 4. RECORD KEEPING AND REPORTING REQUIREMENTS [117.6(5)]

The permittee shall make a semiannual report to the department, on a form as provided or approved by the department. The report must include the following information as listed in this section. Indicate your acceptance of the reporting requirements by initialing each item below.

Item:	Permit Condition:	Initialed by:
4.1	Total quantity of waste tires processed and disposed of by the permittee during the reporting period.	<input type="checkbox"/>
4.2	Quantity of waste tires disposed of through each permitted sanitary disposal facility for which waste tire material was delivered to during the reporting period.	<input type="checkbox"/>
4.3	Quantity of waste tires processed and delivered to other permitted waste tire processors for beneficial end-use processing, if such alternative disposal options were used.	<input type="checkbox"/>
4.4	The mobile processor shall maintain records for the most recent five-year period of operation as a permittee, noting the quantities and locations of all disposal sites and facilities for which tire material has been delivered to for final disposal.	<input type="checkbox"/>

SECTION 5. APPLICANT CERTIFICATION

CERTIFICATION

I certify under penalty of law that I am the owner, operator, or authorized representative of the tire processing facility for which this application is submitted, and that I have examined and am familiar with the requirements of operation through this permit that I have applied for herein, and that the information I have provided is true, accurate and complete.

Signature: _____ Date: _____

Printed Name: _____

Title: _____

Representing (company or owner name) _____

SECTION 6. APPLICANT PERMIT FEE

- ☉ **The applicant shall attach the annual permit fee of \$850** with this initial application, and shall remit the annual fee of \$850 for each subsequent year that the permittee operates this facility, on or by July 1st of subsequent years. The permittee shall pay the fee due annually, each July 1st, unless the permittee discontinues operations, or in the event the department revokes the permittee's authority to operate a mobile waste tire processing operation.

*** Checks shall be in the amount of \$850.00, and shall be made payable to:

Iowa Department of Natural Resources

Upon completion of the application, attach payment and send to:

Alex Moon
Iowa Department of Natural Resources
502 E. 9th St.
Des Moines, IA 50319-0034
